

IT'S ABOUT SYDNEY HARBOUR.

Ever thought about fishing Sydney Harbour? But have been unsure where to fish, what species to target or how to rig your line? Fishabout have been hosting Harbour based fishing charters since 1993. Our experienced Guides will give you the best chance of getting some great fishing action on one of the world's most spectacular waterways. Why waste time and money chasing that elusive bite when a professional can give you the benefit of their expertise in a few hours.

Apart from some great fishing, Sydney Harbour can also boast some of the world's most iconic landmarks and is a delight to explore from the water.

Because our fishing charters are focused in the Harbour itself (and not outside the heads) you spend more time fishing and less time travelling (and getting sea sick)! However, if you do want to venture out past the Heads we are more than happy to accommodate.

Fishabout caters for people of all ages, skill and experience. Whether you are an experienced angler or a first timer we can tailor the day's itinerary to suit your interests.
